The Declaration of Independence is generally regarded as one of the most famous documents in the history of the world. On June 10, 1776, the Continental Congress appointed a committee, consisting of Thomas Jefferson, Benjamin Franklin, John Adams, Roger Sherman and Robert R. Livingston to draft a Declaration of Independence.

Jefferson wrote out a rough draft of the Declaration, which was carefully revised by the committee and presented to Congress for adoption. After some further slight revisions by that body, it was adopted on July 4, 1776, at Philadelphia.

The parchment with the original signatures was deposited with the Department of State when the government was organized in 1789.

The original Declaration of Independence was transferred from the Department of State by direction of the late President Warren G. Harding to the Library of Congress. The Declaration was moved from the Library of Congress in 1952 at the direction of Congress and transferred to the National Archives Building where it rests today.

THE DECLARATION OF INDEPENDENCE

MADE BY THE ORIGINAL THIRTEEN STATES
IN CONGRESS AT PHILADELPHIA

UNANIMOUSLY ADOPTED JULY 4, 1776

When, in the course of human events, it becomes necessary for one people to dissolve the political bands which have connected them with another, and to assume, among the powers of the earth, the separate and equal station to which the laws of nature and of nature's God entitle them, a decent respect to the opinions of mankind requires that they should declare the causes which impel them to the separation.

We hold these truths to be self-evident, that all men are created equal, that they are endowed, by their Creator, with certain unalienable rights, that among these are life, liberty, and the pursuit of happiness. That to secure these rights, governments are instituted among men, deriving their just powers from the consent of the governed, that whenever any form of government becomes destructive of these ends, it is the right of the people to alter or to abolish it, and institute new government, laying its foundation on such principles, and organizing its powers in such form as to them shall seem most likely to effect their safety and happiness. Prudence, indeed, will dictate that governments long established, should not be changed for light and transient causes; and accordingly all experience hath shown that mankind are more disposed to suffer, while evils are sufferable, than to right themselves by abolishing the forms to which they are accustomed. But when a long train of abuses and usurpations, pursuing invariably the same object, evinces a design to reduce them under absolute despotism, it is their right, it is their duty, to throw off such government, and to provide new guards for their future security. Such has been the patient sufferance of these Colonies, and such is now the necessity which constrains them to alter their former systems of government. The history of the present King of Great Britain is a history of

repeated injuries and usurpations, all having in direct object the establishment of an absolute tyranny over these States. To prove this, let facts be submitted to a candid world.

He has refused his assent to laws, the most wholesome and necessary for the public good.

He has forbidden his governors to pass laws of immediate and pressing importance, unless suspended in their operation till his assent should be obtained; and when so suspended, he has utterly neglected to attend to them.

He has refused to pass other laws for the accommodation of large districts of people, unless those people should relinquish the right of representation in the legislature, a right inestimable to them, and formidable to tyrants only.

He has called together legislative bodies at places unusual, uncomfortable, and distant from the depository of their public records, for the sole purpose of fatiguing them into compliance with his measures.

He has dissolved representative houses repeatedly, for opposing with manly firmness his invasions on the rights of the people.

He has refused for a long time, after such dissolutions, to cause others to be elected, whereby the legislative powers, incapable of annihilation, have returned to the people at large for their exercise; the State remaining, in the meantime, exposed to all the dangers of invasion from without, and convulsions within.

He has endeavored to prevent the population of these States; for that purpose obstructing the laws for naturalization of foreigners; refusing to pass others to encourage their migrations hither; and raising the conditions of new appropriations of lands.

He has obstructed the administration of justice by refusing his assent to laws for establishing judiciary powers.

He has made judges dependent on his will alone, for the tenure of their offices, and the amount and payment of their salaries.

He has erected a multitude of new offices, and sent hither swarms of officers to harass our people, and eat out their substance.

He has kept among us, in times of peace, standing armies, without the consent of our legislatures.

He has affected to render the military independent of and superior to the civil power.

He has combined with others to subject us to a jurisdiction foreign to our constitution and unacknowledged by our laws; giving his assent to their acts of pretended legislation:

For quartering large bodies of armed troops among us:

For protecting them, by a mock trial, from punishment for any murders which they should commit on the inhabitants of these States:

For cutting off our trade with all parts of the world:

For imposing taxes on us without our consent:

For depriving us, in many cases, of the benefits of trial by jury:

For transporting us beyond seas to be tried for pretended offenses:

For abolishing the free system of English laws in a neighboring province, establishing therein an arbitrary government, and enlarging its boundaries, so as to render it at once an example and fit instrument for introducing the same absolute rule into these colonies:

For taking away our charters, abolishing our most valuable laws, and altering fundamentally the forms of our governments:

For suspending our own legislatures, and declaring themselves invested with power to legislate for us in all cases whatsoever.

He has abdicated government here, by declaring us out of his protection, and waging war against us.

He has plundered our seas, ravaged our coasts, burnt our towns, and destroyed the lives of our people.

He is, at this time, transporting large armies of foreign mercenaries to complete the works of death, desolation, and tyranny, already begun, with circumstances of cruelty and perfidy, scarcely paralleled in the most barbarous ages, and totally unworthy the head of a civilized nation.

He has constrained our fellow citizens, taken captive on the high seas, to bear arms against their country, to become the executioners of their friends and brethren, or to fall themselves by their hands.

He has excited domestic insurrections amongst us, and has endeavored to bring on the inhabitants of our frontiers, the merciless Indian savages, whose known rule of warfare is an undistinguished destruction of all ages, sexes, and conditions.

In every stage of these oppressions we have petitioned for redress in the most humble terms: our repeated petitions have been answered only by repeated injury. A prince whose character is thus marked by every act which may define a tyrant, is unfit to be the ruler of a free people.

Nor have we been wanting in attentions to our British brethren. We have warned them, from time to time, of attempts by their legislature to extend an unwarrantable jurisdiction over us. We have reminded them of the circumstances of our emigration and settlement here. We have appealed to their native justice and magnanimity, and we have conjured them by the ties of our common kindred to disavow these usurpations, which would inevitably interrupt our connections and correspondence. They too have been deaf to the voice of justice and of consanguinity. We must, therefore, acquiesce in the necessity which denounces our separation, and hold them, as we hold the rest of mankind, enemies in war, in peace friends.

We, therefore, the Representatives of the United States of America, in General Congress assembled, appealing to the Supreme Judge of the world for the rectitude of our intentions, do in the name, and by authority of the good people of these Colonies, solemnly publish and declare, That these United Colonies, are, and of right ought to be, *free and independent States*; that they are absolved from all allegiance to the British crown, and that all political connexion between them and the State of Great Britain, is, and ought to be, totally dissolved; and that as *free and independent States*, they have full power to levy war, conclude peace, contract alliances, establish commerce, and to do all other acts and things which *independent States*, may of right do. And for the support of this declaration, with a firm reliance on the protection of Divine Providence we mutually pledge to each other our lives, our fortunes, and our sacred honour.

The United States Constitution is the oldest federal constitution in existence. It was so well framed that it has served as the basis for this government for a century and a half. Only once has it been seriously endangered, this being during the Civil War. Many of its principles have been adopted by other countries.

The Constitution was the outgrowth of a convention of delegates from the different states that met in Philadelphia in May, 1787, Rhode Island not being represented. George Washington presided over the convention, which lasted from May to September.

The Constitution was then submitted to the then existing states for ratification, with a provision that it should become effective when ratified by nine states. New Hampshire was the ninth state to ratify, June 21, 1788, and the Constitution went into effect in 1789.

The states ratified the Constitution in the following order: Delaware, Dec. 7; Pennsylvania, Dec. 12, and New Jersey, Dec. 18, 1787; Georgia, Jan. 2; Connecticut, Jan. 9; Massachusetts, Feb. 6; Maryland, Apr. 28; South Carolina, May 23; New Hampshire, June 21; Virginia, June 26, and New York, July 26, 1788; North Carolina, Nov. 21, 1789, and Rhode Island, May 29, 1790.

PART FIRST

BILL OF RIGHTS

Article 1st. [Equality of Men; Origin and Object of Government.] All men are born equally free and independent: Therefore, all government, of right, originates from the people, is founded in consent, and instituted for the general good.

Annotation — 53 NH 9, 65 NH 113, 86 NH 597, 89 NH 428, 96 NH 423, 102 NH 215, 105 NH 366.

[Art.] 2d. [Natural Rights.] All men have certain natural, essential, and inherent rights — among which are, the enjoying and defending life and liberty; acquiring, possessing, and protecting, property; and, in a word, of seeking and obtaining happiness.

NOTE. — The abbreviation "Art" was first inserted in this and following articles of the Bill of Rights in General Statutes, 1867.

Annotation — 53 NH 9, 53 NH 398, 54 NH 117, 54 NH 590, 60 NH 219, 67 NH 1, 71 NH 552, 72 NH 95, 73 NH 31, 75 NH 27, 77 NH 581, 87 NH 64, 87 NH 68, 94 NH 148, 102 NH 236.

[Art.] 3d. [Society, its Organization and Purposes.] When men enter into a state of society, they surrender up some of their natural rights to that society, in order to ensure the protection of others; and, without such an equivalent, the surrender is void.

Annotation — 53 NH 9, 60 NH 219, 71 NH 552, 89 NH 54, 97 NH 91, 105 NH 355.

[Art.] 4th. [Rights of Conscience Unalienable.] Among the natural rights, some are, in their very nature unalienable, because no equivalent can be given or received for them. Of this kind are the Rights of Conscience.

Annotation — 53 NH 9, 59 NH 219, 89 NH 54, 100 NH 436.

[Art.] 5th. [Religious Freedom Recognized.] Every individual has a natural and unalienable right to worship God according to the dictates of his own conscience, and reason; and no subject shall be hurt, molested, or restrained, in his person, liberty, or estate, for worshipping God in the manner and season most agreeable to the dictates of his own conscience; or for his religious profession, sentiments, or persuasion; provided he doth not disturb the public peace or disturb others in their religious worship.

Annotation — 53 NH 9, 58 NH 240, 59 NH 219, 64 NH 48, 68 NH 380, 76 NH 393, 89 NH 54, 91 NH 137, 97 NH 352, 99 NH 519, 100 NH 436.

[Art.] 6th. [Morality and Piety.] As morality and piety, rightly grounded on high principles, will give the best and greatest security to government, and will lay, in the hearts of men, the strongest obligations to due subjection; and as the knowledge of these is most likely to be propagated through a society, therefore, the several parishes, bodies corporate, or religious societies shall at all times have the right of electing their own teachers, and of contracting with them for their support or maintenance, or both. But no person shall ever be compelled to pay towards the support of the schools of any sect or denomination. And every person, denomination or sect shall be equally under the protection of the law; and no subordination of any one sect, denomination or persuasion to another shall ever be established.

NOTE. — This article amended 1968.

Annotation — 2 NH 20, 53 NH 9, 56 NH 508, 58 NH 170, 66 NH 207, 75 NH 420, 75 NH 560, 76 NH 393, 88 NH 394, 93 NH 301, 99 NH 519.

[Art.] 7th. [State Sovereignty.] The people of this state have the sole and exclusive right of governing themselves as a free, sovereign, and independent state; and do, and forever hereafter shall, exercise and enjoy every power, jurisdiction, and right, pertaining thereto, which is not, or may not hereafter be, by them expressly delegated to the United States of America in congress assembled.

Annotation — 66 NH 362, 90 NH 472, 105 NH 286.

[Art.] 8th. [Accountability of Magistrates and Officers.] All power residing originally in, and being derived from, the people, all the magistrates and officers of government are their substitutes and agents, and at all times accountable to them.

Annotation — 66 NH 362, 67 NH 1, 90 NH 472.

[Art.] 9th. [No Hereditary Office or Place.] No office or place, whatsoever, in government, shall be hereditary — the abilities and integrity requisite in all, not being transmissible to posterity or relations.

[Art.] 10th. [Right of Revolution.] Government being instituted for the common benefit, protection, and security, of the whole community, and not for the private interest or emolument of any one man, family, or class of men; therefore, whenever the ends of government are perverted, and public liberty manifestly endangered, and all other means of redress are ineffectual, the people may, and of right ought to reform the old, or establish a new government. The doctrine of nonresistance

against arbitrary power, and oppression, is absurd, slavish, and destructive of the good and happiness of mankind.

Annotation — 52 NH 581, 60 NH 219, 65 NH 113, 86 NH 597, 88 NH 484, 89 NH 314, 90 NH 472, 99 NH 33, 101 NH 527.

[Art.] 11th. [Elections and Elective Franchise.] All elections ought to be free, and every inhabitant of the state, having the proper qualifications, has equal right to elect, and be elected, into office; but no person shall have the right to vote or be eligible to office under the constitution of this state who shall not be able to read the constitution in the English language and to write; provided, however, that this provision shall not apply to any person prevented solely by a physical disability from complying with its requisitions, nor to any person who now has the right to vote; and provided further that no person shall have the right to vote, or be eligible to office under the constitution of this state who shall have been convicted of treason, bribery, or any wilful violation of the election laws of this state, or of the United States; but the supreme court may, on notice to the attorney-general restore the privileges of an elector to any person who may have forfeited them by conviction of such offenses. The general court shall have power to provide by law for voting by qualified voters who at the time of biennial or state elections, or of the primary elections therefor, or of city elections are absent from the city or town of which they are inhabitants, or who by reason of physical disability are unable to vote in person, in the choice of any officer or officers to be elected or upon any question submitted at such election. The right to vote shall not be denied to any person because of the non-payment of any tax.

NOTE. — First proviso inserted, 1903; second proviso inserted 1912. The last sentence was added in 1942 and amended in 1956, and 1968.

Annotation — 83 NH 589, 97 NH 452, 99 NH 540, 101 NH 420, 101 NH 429, 104 NH 100, 104 NH 108.

[Art.] 12th. [Protection and Taxation Reciprocal.] Every member of the community has a right to be protected by it, in the enjoyment of his life, liberty, and property; he is therefore bound to contribute his share in the expense of such protection, and to yield his personal service when necessary. But no part of a man's property shall be taken from him, or applied to public uses, without his own consent, or that of the representative body of the people. Nor are the inhabitants of this state controllable by any other laws than those to which they, or their representative body, have given their consent.

NOTE. — Amended 1964.

And every subject shall have a right to produce all proofs that may be favorable to himself; to meet the witnesses against him face to face, and to be fully heard in his defense, by himself, and counsel. And no subject shall be arrested, imprisoned, despoiled, or deprived of his property, immunities, or privileges, put out of the protection of the law, exiled or deprived of his life, liberty, or estate, but by the judgment of his peers, or the law of the land. [Art.] 16th. [Former Jeopardy; Jury Trial in Capital Cases.] No subject shall be liable to be tried, after an acquittal, for the same crime or offense. Nor shall the legislature make any law that shall subject any person to a capital punishment, (excepting for the government of the army and navy, and the militia in actual service) without trial by jury.

[Art.] 17th. [Venue of Criminal Prosecutions.] In criminal prosecutions, the trial of facts, in the vicinity where they happened, is so essential to the security of the life, liberty, and estate, of the citizen, that no crime or offense ought to be tried in any other county than that in which it is committed; — except in cases of general insurrection in any particular county, when it shall appear to the judges of the superior court, that an impartial trial cannot be had in the county where the offense may be committed, and upon their report, the legislature shall think proper to direct the trial in the nearest county in which an impartial trial can be obtained.

NOTE. — “Legislature” was substituted for “assembly,” 1793.

[Art.] 18th. [Penalties to be Proportioned to Offenses; True Design of Punishment.] All penalties ought to be proportioned to the nature of the offense. No wise legislature will affix the same punishment to the crimes of theft, forgery, and the like, which they do to those of murder and treason. Where the same undistinguishing severity is exerted against all offenses, the people are led to forget the real distinction in the crimes themselves, and to commit the most flagrant with as little compunction as they do the lightest offenses. For the same reason a multitude of sanguinary laws is both impolitic and unjust. The true design of all punishments being to reform, not to exterminate mankind.

NOTE. — The words “those of” following the word “do” in the third sentence, stricken out, 1793.

The word “offenses” in the third sentence was substituted for “dye,” 1793.

Annotation — 80 NH 1.

[Art.] 19th. [Searches and Seizures Regulated.] Every subject hath a right to be secure from all unreasonable searches and seizures of his

person, his houses, his papers, and all his possessions. Therefore, all warrants to search suspected places, or arrest a person for examination or trial in prosecutions for criminal matters, are contrary to this right, if the cause or foundation of them be not previously supported by oath or affirmation; and if the order, in a warrant to a civil officer, to make search in suspected places, or to arrest one or more suspected persons or to seize their property, be not accompanied with a special designation of the persons or objects of search, arrest, or seizure; and no warrant ought to be issued; but in cases, and with the formalities, prescribed by law.

NOTE. — This article was substituted for original Article 19, 1793.

[Jury Trial in Civil Causes.] In all controversies concerning property — and in all suits between two or more persons, except in cases in which it has been heretofore otherwise used and practiced, and except in cases in which the value in controversy does not exceed five hundred dollars, and title of real estate is not concerned the parties have a right to a trial by jury and this method of procedure shall be held sacred, unless, in cases arising on the high seas and such as relates to mariners' wages the legislature shall think it necessary hereafter to alter it.

NOTE. — Amended in 1960.

A BRIEF HISTORY OF NEW HAMPSHIRE

Early historians record that in 1623, under the authority of an English land-grant, Captain John Mason, in conjunction with several others, sent David Thomson, a Scotchman, and Edward and Thomas Hilton, fish-merchants of London, with a number of other people in two divisions to establish a fishing colony in what is now New Hampshire, at the mouth of the Piscataqua River.

One of these divisions, under Thomson, settled near the river's mouth at a place they called Little Harbor or "Pannaway," now the town of Rye, where they erected salt-drying fish racks and a "factory" or stone house. The other division under the Hilton brothers set up their fishing stages on a neck of land eight miles above, which they called Northam, afterwards named Dover.

Nine years before that Captain John Smith of England and later of Virginia, sailing along the New England coast and inspired by the charm of our summer shores and the solitude of our countrysides, wrote back to his countrymen that:

"Here should be no landlords to rack us with high rents, or extorted fines to consume us. Here every man may be a master of his own labor and land in a short time. The sea there is the strangest pond I ever saw. What sport doth yield a more pleasant content and less hurt or charge than angling with a hook, and crossing the sweet air from isle to isle over the silent streams of a calm sea?"

Thus the settlement of New Hampshire did not happen because those who came here were persecuted out of England. The occasion, which is one of the great events in the annals of the English people, was one planned with much care and earnestness by the English crown and the English parliament. Here James the first began a colonization project which not only provided ships and provisions, but free land bestowed with but one important condition, that it remain always subject to English sovereignty.

So it remained until the "War of the Revolution." Smith first named it "North Virginia" but King James later revised this into "New England." To the map was added the name Portsmouth, taken from the English town where Captain John Mason was commander of the fort, and the name New Hampshire is that of his own English county of Hampshire.

Captain Mason died in 1635, just before his proposed trip to the new country which he never saw. He had invested more than twenty-two thousand pounds in clearing the land, building houses, and preparing for its defense, — a considerable fortune for those days. By

then Dover and Portsmouth had expanded into Hampton and Exeter, and its income from fishing was increased by that from trade in furs and timber.

Taking the idea from the English government, a community of "towns" was erected, and this became a "royal province" in 1679 with John Cutt as president, with a population intended to be as nearly like England as it could be. The "royal province" continued until 1698 when it came under the jurisdiction of Massachusetts with Joseph Dudley as Governor. Thus it continued until 1741.

During that time England's throne had been ruled by William and Mary, Queen Anne, and George I, and New Hampshire was administered by no less than eight lieutenant governors. There had been much unrest in England and as a result, to New Hampshire's advantage, the Scotch settlers of Londonderry in Ireland had in 1719 sent many of their people here to form a "Scotch" colony in the new place they would call our own Londonderry.

Under King George II New Hampshire returned to its provincial status with a governor of its own, Benning Wentworth, who was its chief magistrate from 1741 to 1766.

During the first two decades of Governor Wentworth's term New Hampshire had been beset with Indian troubles. With little aid from England, then at war with its old-time enemy, France, the colonists undertook the sieges of Louisbourg, and helped to reduce Crown Point, and in the conquest of Canada. By the time of the signing of the Peace of Paris in 1762, and the end of the Indian fighting under the Rogers Rangers, the entire north country of New Hampshire was ready to be explored, surveyed, and populated.

Governor Wentworth who, as if in anticipation of this opportunity, seems to have been well prepared for it, had arranged the purchase for the sum of fifteen hundred pounds of the unauthenticated claims of Robert Mason, heir of Captain John Mason. This was done through a group of twelve influential citizens who called themselves the "Masonian Proprietors." Having done this, the governor kept the land "within the province."

Governor Wentworth, with all or most of the Masonian Proprietors as his councilors, then proceeded to grant towns to prospective settlers as equally as possible. In addition to the thirty-eight towns already granted, more than a hundred others followed after the year 1761. These towns contained lots available to more than thirty thousand families, many from the older towns in southern New Hampshire and Massachusetts, but many from other neighboring states. Some of these towns were located in Vermont, to be released later by a court order, which made the western shore of the Connecticut River the state boundary line.

While the new towns were occasionally given the names of the leading grantees, not a few of them bore the historic names of English

royalty, frequently those of friends and relatives of Governor Wentworth and his own royal family, the Rockinghams, in England. Many of the beneficiaries were soldiers who had fought in the Indian wars, while a few were of Dutch origin, such as might settle from New York in New Hampshire.

The terms of the grants were simple. The Proprietors could convey only the soil, while the political rights and powers of government came from the province. Provision was made that no land should be subject to taxation or assessment until improved by those holding the titles. Rights were reserved for land for roads, churches and schools, to be built within a definite period of time, for the use of ministers and in many cases for mill-rights. Fees were nominal, often only a shilling or an ear of corn a year. All tall pines should be saved for the King's navy.

Benning Wentworth died in 1770. He was succeeded by his nephew who later became Sir John Wentworth, the last of the royal governors. He is perhaps best known because of his purchase of a thirty-six mile tract of land on the shore of Lake Winnepesaukee where he established an estate known as Kingswood. It afterward became Wolfeborough.

Governor Sir John Wentworth's beneficial acts to the state included the building of roads, including one from Portsmouth to Kingswood; publishing the first accurate state map; organizing the State militia, a member of which was Major Benjamin Thompson of Concord who afterward became known as Count Rumford; his help in founding Dartmouth College; and the building of Wentworth House, now owned by the State. Loyal to the English crown, he embarked for Nova Scotia at the beginning of the Revolution, there to become its Lieutenant-governor until his death in 1820.

A pre-Revolution event occurring in New Hampshire was the removal in 1774, by a small party of patriots at New Castle, of the powder and guns at Fort William and Mary. Other Revolutionary events included New Hampshire's participation in the Battle of Bunker Hill at which nearly all the troops doing the actual fighting were said to have been from this State; the signing of the Declaration of Independence by New Hampshire's Josiah Bartlett, Matthew Thornton, and William Whipple; General John Stark's victory at the Battle of Bennington; and the success of Captain John Paul Jones at sea.

Just as it was the first to declare its independence and adopt its own constitution, New Hampshire was the ninth and deciding state in accepting the National Constitution as that of a republic, never to be known under any other form of government. New Hampshire's John Langdon was the first acting vice-president of the United States, and was President of the Senate when Washington was elected first president.

Many events have helped to individualize New Hampshire's unique

history as the decades have followed each other down to the present time. Both Washington and Lafayette passed within our borders. Meshech Weare was elected the first state "president." Morey's Connecticut River steam-boat preceded Fulton's by seventeen years. An American President, Franklin Pierce, and a Vice-president, Henry Wilson, were elected, both from New Hampshire. Daniel Webster won his famous Dartmouth College case before the Supreme Court. The first American public library was established at Peterborough. The world-recognized "Concord Coach" was made here, as was America's first cog-railroad to Mount Washington dating 1869.

Statesmen, educators, inventors, preachers, scientists, explorers, authors, industrialists, engineers, lawyers, diplomats, are all arrayed in the long line of notables New Hampshire claims as coming from her soil.

GEOGRAPHICAL LOCATION

New Hampshire is situated the most northern of the thirteen original states and lies between latitude 42-40 and 45-18 north and longitude 70-37 and 72-37 west. It is about 180 miles long and 50 miles wide, although the extreme width is 93 miles.

It is bounded on the north by Quebec province in Canada, on the east by Maine and the Atlantic ocean, on the south by Massachusetts, and on the west by Vermont. The Connecticut River is the western boundary.

"MOTHER OF RIVERS"

Geographies sometimes speak of the state as the "Mother of Rivers." Five of the great streams of New England originate in its granite hills. The Connecticut River rises in the northern part, and for nearly one hundred miles of its winding course hems the shores of the state with a "broad seam of silver." The Pemigewasset River starts in the Profile Lake in the Franconia mountains and joins the Winnepesaukee at Franklin to form the Merrimack, which at one time turned more spindles than any other river in the world. The Cocheco and Salmon Falls rivers join at Dover to form the Piscataqua. In addition, two of the principal rivers of Maine, the Androscoggin and the Saco, have their beginnings in northern New Hampshire.

New Hampshire has 1300 lakes or ponds and 40,000 miles of rivers and streams which provide year round fishing and recreation in scenic surroundings, as well as power for the State's many industries.

"THE GRANITE STATE"

New Hampshire is commonly known as the Granite State, and of late years by some writers is called the Queen State — "Queen bv

right of her natural beauty; queen by her native hardy spirit; queen by her diversified industry; queen by reason of her motherhood of great men. She is enthroned on hills of granite, diademed with sparkling waters and sceptered with industry."

The state entertains annually over a million summer visitors who resort in the mountain, lake and seashore scenery, — in fact it has been estimated that a million automobiles cross our borders annually! The soil is suitable for fruits, flowers and vegetables. The forests of pine, spruce and hard wood add beauty to the landscape and wealth to the land.

The White Mountains are the natural feature which has the widest fame. New Hampshire bodies of water cover one hundred and fifteen thousand acres and vary from small ponds to Lake Winnepesaukee, which is twenty-two miles long and eight miles wide.

New Hampshire's publicly-owned aerial tramway, the first erected to a mountain top in North America, is located in Franconia Notch near The Old Man of the Mountain. Its cars have carried 2,000,000 passengers in their eight-minute ascent of the 2022 feet to the top.

No state grows apples of finer flavor than come from the hillsides of New Hampshire. Horticultural shows have no better exhibits than are presented from towns in the southern part of this state, where the orchards have been sprayed and treated by the latest scientific methods. Strawberries, blueberries, peaches and products of the garden are grown in great quantities and shipped hundreds of miles.

New Hampshire is also famous for her products made from the sap of the maple tree.

Dairying is a large business and in recent years the quality of the herds has increased tenfold. There are 5,779,840 acres of land in the state, 1,960,061 acres being in farm land, with the number of farms estimated at 16,554, according to the 1940 farm census. There were over two and one-half million acres of timber land, which contained over thirty billion feet of merchantable timber, but the disastrous hurricane of 1938 has sadly depleted the standing timber in New Hampshire's granite hills.

It is estimated that every year more than four million dollars is permanently invested in the purchase of land and the construction of buildings in the rural districts. Nearly every town has some summer visitors. Winnepesaukee shores are lined with cottages and hotels; Sunapee has a summer population of over five thousand, who enjoy its beauties.

The state has a seaboard of about eighteen miles. Hampton and Rye beaches have been famous summer resorts since the days Whitier pitched his "tent on the beach." The salt waves of the Atlantic lap the sometimes sandy, sometimes rocky coast into one continuous pleasure ground, where surf bathing and scenic beauty enchant the

visitor. In the early fall of 1915 a disastrous fire at Hampton Beach destroyed many of the hotels and places of business there, but the resort has since been rebuilt from the ruins until it is larger and more attractive than ever. The recreational area at Hampton Beach has greatly improved the appearance of that part of the coast. The state maintains a large public bath house and a parking area there. The erection of a sea wall in 1934 not only improved the property along the coast but was a necessary measure against coast erosion.

Among New Hampshire's all-year, all-season recreation attractions, none are more popular than its winter sports. Mount Washington is the highest mountain east of the Rockies and north of the Mason-Dixon Line. Its privately-owned cog railway was the first mountain climbing railway in the world.

New Hampshire has some of the finest ski terrain in the east where the sport may be enjoyed well into July and August. Its many lifts include the widely known Cranmore skimobile, operated all year, and Tuckerman, Cannon, Sunapee and Gilford slopes.

Portsmouth, the only sea city, has an historic past and a prosperous present with its large navy yard. New Castle is a place of romance and aesthetic beauty and adventure. A large part of the Isles of Shoals in Portsmouth harbor belongs to New Hampshire, with their cottages and hotels. Lobster fishermen find the Isles of Shoals and the New Hampshire coast favorable areas for taking this famous sea food. The state highways are as fine as any state can boast of and are kept in excellent driving condition the year round. New Hampshire is open to visitors, from the coast to the mountains, twelve months in the year.

FISH AND GAME

In 1865 New Hampshire joined the vanguard of American science by establishing a fish and game department, the first one of its kind in New England. Since that date, some eighty odd years ago, the efforts of this department have been devoted to the propagation and conservation of fish and game.

In modern times the cultivation of fish and the protection of wild life have demanded the application of scientific methods quite as much as any other element of our life. It is a known fact that while European countries have found vast resources in their shore fisheries, the United States is by no means able to rely on her coast fisheries, and has thus been obliged to develop her inland waters to meet the needs that otherwise could have been met only by importation from other countries. Moreover, while Europe's supply is bound to lessen in time to come, our supply will continue to increase.

Today, New Hampshire's Fish and Game Department employs a balanced team of trained wildlife men, fish culturists, and law en-

forcement officers to maintain and increase the available supplies of her native species under the pressure of vastly increased demand. To do so means that every one of her waters and every bit of cover must be contributing its full share to the state's crop. Research personnel are constantly exploring new avenues to increase natural productivity, while evaluating the results of current practices.

Since World War II, a program of modernization and expansion of fish rearing facilities has more than doubled the annual output available for stocking. Beautiful new rearing stations which rank with any in the country for modern design and efficient operation have been built at Merrymeeting Lake in New Durham, at Summer Brook in Ossipee, and at Merrimack, between Manchester and Nashua. Five other stations at Colebrook, Twin Mountain, Warren, New Hampton, and Richmond have been completely reconditioned.

Fish and game is now recognized as a major factor in the recreation business which is one of New Hampshire's foremost sources of revenue. We can be justly proud of the effective teamwork between department personnel and the sportsmen of the state who are looking forward with the eye of true conservationists to establishing the fish and wildlife species of our state on a secure footing for future years. Deer, grouse, black bear, snowshoe hares, landlocked salmon, togue, black bass, and several species of brook trout are only a few of the wild residents which are to be found in such plenty as to make sportsmen choose New Hampshire first.

"COME TO NEW HAMPSHIRE"

New Hampshire believes in progress and development in every direction. It is the third most industrialized state in the Union and prizes itself on the quality and diversification of its products. New Hampshire is the home of the famous breed of poultry known as the "New Hampshires." She invites the whole world to visit her mountains, the "playground of America." Those seeking opportunity for profitable farming will do well to write for further information to the Commissioner of Agriculture, Concord, N. H.; sportsmen are invited to send for literature and advice to the Fish and Game Director, Concord, N. H.; those looking for business openings, either in manufacturing enterprises or in the retail field, should correspond with the New Hampshire Dept. of Resources and Economic Development, Concord, N. H.

H., are other sources from which information not given in this volume may be secured.

THE STATE HOUSE

The first discussions regarding the erection of a suitable state capitol building in New Hampshire took place in the year 1814. It was indeed a memorable year. The War of 1812 had come to a close with the signing of the Treaty of Ghent, although the news had not reached America until after our troops under General Jackson had continued fighting into 1815 and won the famous battle of New Orleans.

Other matters attracted state attention. One was the election of a "Republican" governor, William Plumer, who defeated the "Federalists." Another was the Dartmouth College case in which the Governor favored state domination of the College. The legislature considered the proposed new capitol building, but first had to determine in what locality it would be.

The contest was between Concord, Hopkinton, and Salisbury, the last named town having offered seven thousand dollars for the honor. In the end Concord won, and by 1816 final action had been taken to build there.

Considerable expense was saved the town of Concord by the decision to build the Capitol of granite from what are now the Swenson quarries at the north end of the town, and to have the cutting and shaping and facing of the stones done by the inmates of the prison.

A feature of the new and imposing building thus provided was its huge gold-painted wooden eagle, which was raised to the top of the dome in 1818. Appropriate ceremonies presided over by Governor Plumer were marked by a series of toasts, one of which was, "The American Eagle. May the shadow of his wings protect every acre of our united continent and the lightning of his eye flash terror and defeat through the ranks of our enemies."

The new building's actual cost was only approximately \$82,000, but it provided adequate quarters for the legislature and committees, the Governor and Council, the Secretary of State, the Treasurer, and the library. Stuart J. Park, the builder, goes down in history as having done an admirable job, and he has a Concord street to the north of the building, Park Street, named in his honor. The first session of the legislature to be held in the new building was in 1819.

There is no record of discussion of enlargements or expansion of Capitol facilities until 1857. At that time there was pointed out the need for more library space and rooms for new departments. Nothing was done, however, until the problem became acute in one of the Civil War years, 1863, through the offer of the city of Manchester of a sizeable sum to build a new capitol and locate it there. This amount was stated to be no less than half a million dollars.

The legislature having voted to retain the Capitol in Concord, plans were at once made to undertake its enlargement and remodeling. This

was begun in 1864 and completed by 1866. The cost was said to have been approximately \$200,000.

In 1881, plans having been proposed to gain new space for needs caused by growth in State operations, by the removal of the library to a building of its own, plans for such a building were made. These plans, as ultimately adopted, not only provided for a "State Library," but for the Supreme Court as well, and the building was finally completed in 1895. The Library was later enlarged in 1903.

Not until 1903 was the problem of increasing needs for more space in the conduct of the State's business to come under discussion. In this discussion the point was conclusively made that "the majority of State offices cannot be provided with accommodations and are located in other buildings . . ." and that this was uneconomical and ought to be corrected.

Acting under a resolution which instructed the Governor and Council to remedy this situation, Governor Bachelder employed a firm of Boston architects to prepare a plan for an extensive enlargement of the Capitol.

The arguments included the danger from fire, the inadequacy of the House and Senate to seat the membership, and the lack of meeting rooms for the legislative committees. This called for what amounted to an entirely new state house at an expense of approximately a million dollars, and by 1909 a bill for such an amount was introduced.

Again the city of Manchester entered the scene, offering the million if the state house might be removed and rebuilt there. The legislature voted again to retain the Capitol in Concord, and an act for the issuance of bonds for the construction required was passed.

Governor Quimby and his Council then employed architects under whose plans the entire building was remodeled precisely as it is today, making the entire building fire-proof in all its parts, providing electric elevators, modern lighting, vaults, and an up-to-date heating system. During the years following, the proposal of 1903 regarding the necessity of providing for the various departments under one head was again considered, and plans were drawn in 1937 for the present State House Annex.

The corner-stone for this new undertaking was laid in 1938, and the cost at completion, including a considerable grant from the federal government, amounted to \$327,000. Here are housed more than twenty of the State's departments in modern, well-equipped offices. The Annex is connected by an underground passageway with the Capitol itself.

Since the building of the Annex, other improvements have been undertaken to keep the State government in step with modern progress. Recently the entire outer surface of the Capitol Building has

been expertly sanded and washed, restoring the granite stones to their original clean, fresh appearance.

Likewise the statues of John Stark, Daniel Webster, President Pierce, John P. Hale, and Commodore Perkins have been properly cleaned and made tarnishproof by a modern professional process. Also the gilded wooden eagle, the Capitol Building's long familiar emblem, having been found to be suffering from the effects of many decades of weathering, has been replaced by an element-proof metal replica which now adorns the dome where its gold will glisten in the sunshine of long years to come. These things are among the accomplishments of the administration of Governor Lane Dwinell.

As parts of Massachusetts Bay Colony (1641-3 to 1679) the towns of Hampton, Exeter, Dover, and Strawberry Bank were comprised within Norfolk county, which was one of the four shires, viz., Essex, Middlesex, Suffolk, and Norfolk, into which the Bay Colony was separated from "3d month, 10th day 1643."

The Province of New Hampshire agitated the subject of county establishment for years previous to decisive action in 1769, one plan, which came to nought in 1755, being to make two counties, Portsmouth and Cumberland, with the Merrimack as the dividing line.

The act which passed April 29, 1769, contained the provision that it should not take effect until "his majesty's royal approbation thereof be known," and the further provision that "said counties of Strafford and Grafton shall be for the present annexed to and deemed and taken as parts and members of the County of Rockingham *** until the governor by and with the advice of the council shall declare them respectively sufficient for the exercise of their respective jurisdictions and no longer." Governor John Wentworth, in a message to the house of representatives in March, 1771, said "it gives me great pleasure to inform you that his majesty has been graciously pleased to approve and confirm the act for dividing this Province into counties." The existence of Rockingham, Hillsborough, and Cheshire counties began on March 19, 1771, Strafford and Grafton having received authority to exercise and enjoy county privileges, as set forth in Governor John Wentworth's message to the house on May 28, 1772, their separation from Rockingham became effective on June 5, 1773, by the terms of the act of February 5, 1773, "fixing the times and places

for holding courts in *** Grafton county," four months being allowed for the building of "prisons, court houses," etc.

THE COUNTIES

When New Hampshire was a part of the colony of Massachusetts Bay, from 1641 to 1679, the principal towns of New Hampshire were part of Norfolk county in Massachusetts. New Hampshire did not divide herself into counties, however, until 1769, six years before the Revolution. In that year the five counties of Rockingham, Strafford, Hillsborough, Cheshire and Grafton were established.

Coos was the sixth county, established in 1803. Merrimack was established in 1823, Sullivan in 1827, and Belknap and Carroll in 1840. Since the original division into counties the legislature on twenty occasions has amended and changed the layout. The following is a list of counties in their customary order, giving the name of each, the date of its establishment and the place of the county seat.

Name	Date	County Seat
Belknap	1840	Laconia
Carroll	1840	Ossipee
Cheshire	1769	Keene
Coos	1803	Lancaster

UNITED STATES HOUSE OF REPRESENTATIVES

Under the constitutional apportionment which provided for a house of representatives in congress, New Hampshire was allotted three seats. The national census of 1790 (first census) increased this to four, the second census of 1800 to five and the third census of 1810 to six seats. The census of 1830 reduced it to five, that of 1840 to four and that of 1850 to three. The census of 1870 reduced it to two, but the seat taken away was restored until the next census of 1880, since then the state has had two representatives.

Revolutionary Councilors, 1776-84

Article 60 of the second part of the constitution provides for an executive council of five men to advise and act with the governor. Before the constitution there was a council both under the temporary constitution of the Revolution and under the provincial government. The following is a complete list of all the councilors since the Revolution giving the name and address of each and the year in which he was elected or appointed.

THE SENATE

The senate began under the constitution and first met in 1784. There were at first twelve senators who represented the five counties that then existed, five senators from Rockingham county, two from Strafford, two from Hillsborough, two from Cheshire and one from Grafton. In 1793 senatorial districts were created to take the place of county representation and each district elected one senator. The elections during the early years took place in March and the legislature met in June annually.

The senatorial districting of 1793 was changed over in 1803 and several times subsequently. In 1878 the senate was doubled in size. In 1915 the senators were elected by plurality instead of majority vote. The following is a complete list of the senators from the beginning, showing the name and residence of each member of each senate, arranged in the order of districts from 1793, when the districts were created, and previous to that year, in the order of counties.

STATE EMBLEMS

CHAPTER 3

State Emblems, Flags, etc.

REVISED STATUTES ANNOTATED

3:1. State Emblem. The state emblem shall be of the following design: Within an elliptical panel, the longest dimension of which shall be vertical, there shall appear an appropriate replica of the Old Man of the Mountains; surrounding the inner panel, and enclosed within another ellipse, there shall be at the bottom of the design the words of any state motto which may be adopted by the general court; and at the top of the design, between the inner and outer elliptical panels, the words, New Hampshire, appropriately separated from the motto, if adopted, by one star on each side. Said emblem may be placed on all printed or related material issued by the state and its subdivisions relative to the development of recreational, industrial, and agricultural resources of the state.

3:2. State Flag. The state flag shall be of the following color and design: The body or field shall be blue and shall bear upon its center in suitable proportion and colors a representation of the state seal. The seal shall be surrounded by a wreath of laurel leaves with nine stars interspersed. When used for military purposes the flag shall conform to the regulations of the United States.

3:3. — When Displayed. It shall be displayed above the state house whenever the legislature is in session and during meetings of the governor and council when expedient, and upon such other occasions as the governor may designate.

3:4. — Permission to Use. The governor is authorized to permit use of the state flag at such times and in such manner as may seem to him proper and reasonable, upon written application for the same.

FEDERAL CENSUS

1970

THE UNITED STATES

The United States is composed of fifty states, one district, one commonwealth, and five major non-contiguous territories and possessions.

The republic originated in the rebellion of the British Colonies of North America, Canada excepted, in 1776, and in the Declaration of Independence, the thirteen colonies in revolt styled themselves "The United States of America."

The Canadian boundary line is 3,900 miles in length, the Mexican boundary line being 1,975 miles in length.

According to the 1940 Federal census, the first basic re-measurement of the land and water area of the continental United States since 1880 showed a total area of 3,022,387 square miles, consisting of 2,977,128 square miles land area, and 45,259 square miles inland water area. The total area of Alaska, according to this census, is 586,400 square miles and the total area of Hawaii is 6,419 square miles.

The Capitol of the United States is at Washington, D. C. The corner stone of the original building was laid on September 18, 1793 by President George Washington. The original building was finally completed in 1827, its cost, including the grading of grounds, alterations and repairs up to that year, having been \$2,433,844.13.

FEDERAL CENSUS OF 1970

The State. New Hampshire was one of the Thirteen Original States. Its population on April 1, 1970, according to the Twenty-first Census, was 737,681. The State has a land area of 9,017 square miles. In 1970 there was an average of 81.8 inhabitants per square mile as compared with an average of 67.3 in 1960.

The official population count of the State as of April 1, 1970, was 737,681. This represents an increase of 130,760, or 21.5 percent, from the 606,921 inhabitants of the State in 1960.

This report presents final 1970 census statistics on the number of inhabitants of the State and its counties, classified by urban and rural residence. In addition, figures are shown for each county subdivision, each incorporated place, and each unincorporated place of 1,000 or more.

The figures presented here are being issued in advance of their publication in Final Report Series PC(1)-A. The final report for this state will be issued within the next few months.

An outline of the 1970 census publication program can be obtained free of charge from the Bureau of the Census, Washington, D. C. 20233 or any U. S. Department of Commerce Field Office.

In 1790 New Hampshire had a population of 141,885 (Table 1). In 1970, 180 years later, its population was over five times as large. In the twentieth century, the intercensal rates of growth ranged from a low of 2.9 per cent to a record high of 21.5 per cent. In 1900 the population of the State was 411,588, and in 1960 it was 606,921.

Urban and rural residence. — According to the definition adopted for use in the 1970 census, the urban population comprises all persons living in urbanized areas and in places of 2,500 inhabitants or more outside urbanized areas. More specifically, the urban population consists of all persons living in (a) places of 2,500 inhabitants or more incorporated as cities, villages, boroughs (except in Alaska), and towns (except in the New England States, New York, and Wisconsin), but excluding those persons living in the rural portions of extended cities (see "Urbanized areas," below); (b) unincorporated places of 2,500 inhabitants or more; and (c) other territory, incorporated or unincorporated, included in urbanized areas. The population not classified as urban constitutes the rural population.

Urbanized areas. — An urbanized area generally contains at least one city of 50,000 inhabitants or more and includes that portion of the surrounding territory, whether incorporated or unincorporated, which meets specified criteria relating to population density. There are a few urbanized areas which are based on "twin central cities" that have a combined population of at least 50,000. Some urbanized

areas contain one or more incorporated places designated as "extended cities." These places are so designated because they have one or more large portions (normally at the boundary of the city) with relatively low population density. These portions are classified as rural and the residents are not included in the population of the urbanized area.

County subdivisions. — The Census Bureau presents statistics for subdivisions of counties, as follows:

- (a) By minor civil divisions in 28 States — Arkansas, Connecticut, Illinois, Indiana, Iowa, Kansas, Louisiana, Maine, Maryland, Massachusetts, Michigan, Minnesota, Mississippi, Missouri, Nebraska, Nevada, New Hampshire, New Jersey, New York, North Carolina, Ohio, Pennsylvania, Rhode Island, South Dakota, Vermont, Virginia, West Virginia, and Wisconsin.
- (b) By census county divisions in 21 States — Alabama, Arizona, California, Colorado, Delaware, Florida, Georgia, Hawaii, Idaho, Kentucky, Montana, New Mexico, North Dakota, Oklahoma, Oregon, South Carolina, Tennessee, Texas, Utah, Washington, and Wyoming.
- (c) In Alaska, by boroughs and reservations for those census divisions (the county equivalent) which are so subdivided.

Minor civil divisions (townships, districts, etc.) are the primary political divisions into which counties are subdivided. In some States, incorporated places are minor civil divisions in their own right. In other States they are subordinate to the minor civil division in which they are located, or the pattern is mixed — some incorporated places are independent minor civil divisions and others are subordinate to the minor civil division.

Census county divisions represent community areas which have been defined in recent decades by the Census Bureau with the cooperation of the Governors and State and local officials. These areas have physical features (roads, streams, etc.) as boundaries or follow the limits of incorporated places. The census county divisions in these States have replaced a variety of minor civil divisions which were unsatisfactory for statistical purposes principally because their boundaries frequently changed, were imaginary lines, or were not well known by many of the inhabitants.

Incorporated places. — Political units recognized as incorporated places in the reports of the census are those which are incorporated as cities, boroughs, towns, and villages, with the following exceptions: (a) boroughs in Alaska, and (b) towns in the New England States, New York, and Wisconsin. For extended cities (see "Urbanized areas" above), the data in table 2 refer to all of the population residing within the corporate limits of the city. For these cities, table 3 shows the urban and rural parts separately; comparable 1960 data are not available because this concept was not used prior to 1970.

Unincorporated places. — As in the 1950 and 1960 censuses, the Bureau has delineated boundaries for closely settled population centers without corporate limits. All such places of 1,000 inhabitants or more are shown in tables 2 and 3, and are identified with the letter "U."

Boundary changes. — The boundaries of some of the areas shown in this report may have changed between 1960 and 1970. The 1960 figures given here have generally not been adjusted for such changes. Specific information on the changes will be presented in the Series PC(1)-A final report for this State.

Percents and symbols. — Percents which round to less than 0.1 are shown as zero. A dash "—" signifies zero. Three dots "... " mean not applicable. Minus sign preceding a figure denotes decrease. The symbol "NA" means not available, and "U" means that the place is unincorporated. In table 3, an asterisk "*" denotes an incorporated place under 2,500 located in an urbanized area.

**PARTY
ORGANIZATION**

1970

REPUBLICAN ORGANIZATION

REPUBLICAN STATE PLATFORM

Adopted at The Republican State Convention
Concord, New Hampshire
October 3, 1970

PREAMBLE

We, the Republican Party of New Hampshire, in convention assembled on this third day of October in the year of our Lord nineteen hundred and seventy, do hereby present to all the people of New Hampshire the following statement of principles and pledges in the belief that it represents a progressive program which will serve the best interests of all the citizens of our State.

Here in New Hampshire, we must all pledge to resolve those problems which confront us.

With courageous leadership, our strong Republican Party can preserve the natural beauty, the clean air and clear water of our glorious State.

Care for all our citizens in need, with compassion and with dignity. Assist the property taxpayer through aid to our local governments.

Combat the menace of drugs through education, effective rehabilitation and enforcement of the law.

And lastly, promote orderly and positive growth of recreation, tourism and industry to insure a high quality of environment and economy that will make this State a truly better New Hampshire in the years ahead.

Constitutional Amendments

We urge all citizens of New Hampshire to vote yes on the following Constitutional Amendments in order to make New Hampshire government better meet its responsibility.

1. 4-year term for Governor
2. Annual Sessions of the General Court
3. Legislative Compensation Committee to set salaries of members of the General Court
4. Oath of Office (technical change to conform with federal constitutional requirements)

Consumer Protection

We endorse the consumer protection division in the Office of the Attorney General and encourage the citizens of New Hampshire to take full advantage of the services made available by its creation.

We believe that the protection of New Hampshire's citizens from false and misleading advertising and from unfair and deceptive business practices is a legitimate goal of responsible government, as is the protection of the legitimate businessman from unfair competition.

Crime and Justice

The Republican Party commends the conscientious efforts of our local, county and state law enforcement officers in their continuing attempt to check the rising crime rate.

We recommend further expansion of the activities of the Governor's Commission on Crime and Delinquency in order to further aid in law enforcement on all levels.

We recommend that the Legislature consider codification of the New Hampshire criminal laws.

We recommend the activities of the Citizens Committee on the Administration of Justice and urge them to make specific proposals for action by the Legislature.

Drugs

The Republican Party pledged to continue its highly acclaimed attack on drug abuse with a three-pronged program of education, enforcement and effective rehabilitation. Our excellent progress in education and enforcement must now be emphasized in rehabilitation.

Ecology and Open Space

New Hampshire's wonderful natural beauties must be maintained and her inland and coastal wetlands preserved. Open space should be preserved consistent with sound growth. We will support open space legislation to offer deferred taxation on agriculture, forest, recreation and wild land. Such legislation should provide for tax recapture sufficient to recover deferred taxes and to prevent speculators from benefiting at the expense of our taxpayers.

Education

The Republican Party is firmly committed to greater quality of educational opportunity in New Hampshire at all levels.

We pledge a further increase in state aid to local school districts.

We pledge that there will be a continuing reassessment of educational organization, administration and methods.

We pledge to work for an equitable professional negotiations law.

We pledge to encourage the better utilization of our vocational-technical facilities.

We shall continue to support quality education for the non-public (parochial) schools of our state.

We urge improvement and expansion of the Higher Education Loan Plan.

We pledge to continue to fund our State University system at a level that will insure its continued excellence in higher education.

We strongly believe that state officials and college administrators must exercise firmness and vigilance to insure the rights of all students to the education they and their parents are paying for . . . an education free from subversion, violence, or threats of violence, while zealously guarding the rights of academic freedom and free speech.

We urge the continuance of the ROTC program at the University of New Hampshire, and we zealously guard the rights of the participants in this program to receive their commissions in the traditional manner.

We urge that under no circumstances is the American Flag to be removed from any public platform because of threats of violence.

Fuel Oil

The Republican Party of New Hampshire will do all in its power to persuade President Nixon to alter his present fuel oil formula for New England in such a way that a large enough quota be established at the earliest possible date to provide sufficient supplies of fuel oil for the winter of 1970-71 and the future for all needs at fair prices commensurate to other areas in the United States. Furthermore, to insure a stable supply of fuel oil for the future, the Party will exert all possible effort to cause the assignment of the construction of a petroleum refinery in New England, as has previously been proposed.

Health & Welfare

Having demonstrated our deep concern through initiating the program of State aid to local mental health Clinics, the Republican Party pledges continued emphasis in planning and in financial support of this established program.

The Republican Party pledges to improve services and conditions at the New Hampshire Hospital.

The Republican Party pledges to expand the geriatrics program at Glencliff, thus further reducing the permanent load at the New Hampshire Hospital.

The Republican Party, having initiated action which resulted this year in the State's acceptance of about fifty percent of the foster children for room and board payments, urges the Legislature to study provisions for additional responsibility in this field.

We encourage the increased use of our vocational-technical institutes to train para-professionals in the medical field.

Highways

The Republican Party pledges to support a realistic highway program toward completion of the master plan for primary and secondary highways.

Recognizing that the natural beauty of New Hampshire's highways is one of our greatest assets, we urge that every effort be made to maintain and beautify our highway system. We pledge to implement further programs to control highway litter.

We recommend that a greater percentage of the state gas tax revenues be allocated for use by cities and towns.

We urge the Federal government to return more highway funds to the states.

Industry

The Republican Party pledges to seek and promote the establishment in our state of new, high-wage industries with pollution-free facilities.

We pledge to continue to seek ways to assist our present New Hampshire industries to up-grade their wages and facilities.

We pledge to seek new industry through selective, personal salesmanship and promotion.

Labor

The Republican Party of New Hampshire will urge Congress to place sharp restrictions on foreign imports of shoes, textiles and electronics in order to protect the jobs of New Hampshire workers.

Unemployment compensation benefits should be increased to provide dependency allowances to workers laid off through no fault of their own sufficient maintenance during such periods of unemployment.

Local Government

Towns and cities should be given great latitude to form voluntary joint area or regional organizations to cope with problems that can best be served by such joint action. Local governments, including counties, should be urged to do for themselves to the maximum extent possible to assure a continuing high degree of home rule.

Pollution

It is the Republican desire to stop pollution and preserve our environment. In order to secure this goal promptly and effectively, we propose the following:

1. To investigate and enforce the present anti-pollution laws.
2. To introduce legislation in those areas where pollution controls are either weak or non-existent.
3. To supply individuals and local governments with technical advice and supervision in their anti-pollution efforts.
4. To accelerate the clean-up of our water ways by introducing legislation to ease the financial burden of towns constructing and maintaining sewerage systems.
5. To make those who pollute pay the clean-up costs.

We pledge to seek new ways to better coordinate all pollution control plans and efforts.

Recreation and Fish and Game

The Republican Party leadership has initiated orderly and prosperous expansion of New Hampshire's recreational facilities.

We recommend that immediate action be taken to protect and restore New Hampshire's historically valuable properties.

We recommend that New Hampshire residents receive preferential treatment at state-owned recreational areas.

We reaffirm our pledge to encourage orderly expansion and development of recreational areas by the private sector.

We pledge to continue to protect the rights of New Hampshire sportsmen.

We oppose the enactment of gun control laws.

Senior Citizens

Because current Social Security regulations prohibit able elderly from earning significant additional income by reducing benefits proportionately, we propose that the New Hampshire Congressional delegation be urged to support amendments to the law allowing recipients to earn more money.

Older persons have specialized nutrition needs which are compounded by income and transportation problems. Not only do they need special foods, but they often cannot afford them, and cannot find ways to get to where the food is. Therefore, we should move on these problems by:

Instituting a pilot project to test the Federal Food Stamp Program, which will allow older persons who qualify to purchase the special foods they need at substantial savings from local stores.

Because the elderly are subject to increasing medical and drug costs, we propose that the New Hampshire Congressional delegation be urged to support a minimum extension of Medicare benefits to cover out-of-hospital drug costs.

Because loneliness is one of the pervasive problems facing our elders, and because older persons should have a variety of choices about how they decide to use their time, and further because towns and municipalities have not been able to allocate their money directly to serve the elderly, therefore, we should encourage the Legislature to amend the Powers and Duties of Towns Act (RSA 31) to allow allocation of funds directly for programs for the benefit of older citizens — both for recreation centers and facilities and for other service facilities needed by older citizens.

State Employees

The Republican Party recognizes the dedication and faithful service of the State's many employees.

We reaffirm our pledge that the salary and wage policy for state employees be based upon equal pay for equal work and that salaries meet prevailing rates.

We advocate the strengthening of the state's personnel system by supporting its review by competent professional consultants.

We are in favor of increased fringe benefits to state employees and as such recommend an amendment to the employees' retirement system in order to provide equitable death benefits to state employees' beneficiaries. We further recommend increased state contributions to both the employees' hospital and medical insurance and life insurance plans.

Taxation

The needs of the state can be met within the present tax structure. We do not propose nor will we support either a general sales tax or a personal income tax. We believe the Business Profits Tax, a tax which will grow with the economy, has eliminated the necessity for new taxes.

Direct property tax relief for New Hampshire's hard-pressed homeowners is desirable. Therefore, we recommend the Governor appoint a special commission to evaluate the equity and the cost to the State of the so-called Homestead Exemption Plan.

Young People

The Republican Party, recognizing the interest, vigor, imagination, and greater awareness of young people, pledges to seek and encourage responsible participation by our youth in the political process.

We are concerned with the incidence of violence and disorder created today by a small minority, and we urge responsible young men and women to turn their attention and political awareness to this serious problem.

We affirm our support for 18 year olds being given the right to vote. We invite and urge young people to join our Republican effort to continue the direction and leadership which this state so urgently needs and rightfully expects.

Conclusion

We, the Republican Party of New Hampshire, do hereby present this Platform, dedicated to a Constitutional government, and we will attend practically and diligently to the rights of the citizens of New Hampshire.

We ask that on November third these citizens come forward, having carefully and thoughtfully considered the issues, to give support for their beliefs. Only through full voter participation can our goal of a better New Hampshire be fully attained.

PREAMBLE

The philosophy of the Democratic Party embodies the encouragement, implementation and support of vital, viable courses of action, designed to meet the current and future needs of the people.

We, the Democratic Party of New Hampshire, are committed to serving human needs, and find that the means for implementing our programs to meet these needs are not available. We have concluded, therefore, that state and local issues can no longer be separated from national issues. The war in Southeast Asia, as Senator McIntyre has indicated, must be stopped, and the budget of the Department of Defense must be reduced. These funds must be re-allocated to domestic needs. New Hampshire cannot continue to spend over 200 million dollars on war each year.

The Democratic Party of New Hampshire shall be furthermore committed to a condemnation of the Nixon War policy, to a repudiation of the Cambodian debacle, and to the endorsement of the McGovern-Hatfield amendment formula to end the violence currently raging in Southeast Asia.

The present turmoil and discontent rampant in New Hampshire and the nation point up the necessity for far-sighted, well-planned, decisive action *now*. This action must be initiated and continued, not only by the seasoned elders of the Party, but also, and especially, by the spirited and committed young people who are the hope of our state and our nation.

It is with the utmost faith in the ideals, dedication and concern of the Democratic Party and its leaders, for the citizens of our nation and the world, that we, the delegates of the New Hampshire, in Convention this third day of October, 1970, hereby adopt our 1970 Platform.

Agriculture

Statistics indicate an extremely low income accruing to the farmer as a result of his hard labor and economical management. His percentage of return is discouragingly low in comparison to the capital he has invested in land, buildings, and equipment. To improve these conditions which have developed and prevailed over a considerable period of time, we recommend:

- continued support of federal efforts to assure that fruit and vegetable growers obtain sufficient seasonal farm workers, at an adequate wage.
- continued insistence that freight rates for grain and other commodities be comparable to rates in other sections of the country.
- continued financial support of the College of Agriculture, the Co-operative Extension Service, and the Experiment Station at the University of New Hampshire to insure modern research, training and agricultural service.
- creation of local public forums for discussion of such problems as food supply, agricultural labor, and the impact of consumer prices, where farmers, organized labor, business, industry, consumers and appropriate state and federal agencies may exchange views.

—continued support of the following:

- a) the creation of a new standard for food and agriculture inspection since present ones are more than 50 years old (the federal government will substantially meet these costs, but New Hampshire must provide approved laboratory services),
- b) an augmented and improved rabies control program,
- c) an animal disease control program to replace the federal program being turned over to the states,
- d) an improved Gypsy Moth Control Program,
- e) laboratory services for large animals at a new Research and Pathology Center at the University of New Hampshire or by contracting for reliable service from regional institutions.

Consumer Affairs

The current inflationary climate makes consumer education and protection increasingly important in order to insure effective utilization of the consumer dollars available for shelter, health and personal welfare. To provide adequate consumer education and protection, we recommend:

—the establishment of a Consumer Council with enough independence, authority and financial support to conduct investigations and to submit public reports recommending legislation in such areas as: door-to-door selling, recision, home repairs, land fraud, automobile insurance, meat and fish processing, itemized funeral billing, tire grading, garnishment-of-wage policy, public utility costs, and interest rates on loans.

Economic Prosperity and Development

To sustain our economic prosperity, to upgrade those sections of the state which have not shared in this prosperity, and to protect an environment essential to healthy growth, we recommend:

- the formation of an economic development policy to promote healthy and balanced growth to the state's economy,
- continued support of industrial development through research directed toward the expansion and diversification of the economy and the discovery of new markets; increased state support for development and promotion activities,

- continued support and utilization of federal programs for economic development,
- continued implementation of the Technical Services Act to provide services to private industry,
- continued support of the work of the Rural Area Development Committee in each of the ten counties.
- increased support, on an expanded basis, of the activities of the New Hampshire Commission on the Arts which has already shown that a well-developed state arts program creates an additional dimension of financial, commercial and educational growth.
- continued support of cooperative programs among local, state and federal groups to enhance economic progress, especially through implementation of the Public Works and Economic Development Act, the Manpower Development and Training Act, and through wider use of the Small Business Administration programs.
- support of measures initiated by our Congressional delegation to rescind the closure order for the Portsmouth Naval Shipyard and expand the activities of this important facility.
- support of any reasonable measures, public or private, to lower electric rates in New Hampshire.
- promotion of the tourist industry through an expanded system of highway information centers, a state sign system for lodging, meals and garage services, and wide distribution of a well-designed tourist handbook.
- promote the acceleration of current federal programs to build low and moderate cost housing, particularly for the elderly and disadvantaged, and the formation of a state housing authority to facilitate this action.
- support of vocational-technical training to attract industries which require more skilled labor, and pay higher wages.
- support the establishment and funding of regional offices throughout the nation to promote industry and tourism in the State of New Hampshire.

Education

New Hampshire's future depends on the provisions of an educational system of unqualified excellence for all boys and girls of the state so as to develop their talents and abilities to the maximum.

Statistics indicate deficiencies in our educational system that are due, for the most part, to insufficient financial support for the latest, most innovative educational practices, and the best qualified personnel to implement such a system.

The Democratic Party continues to advocate and support the highest educational standards, and therefore, we recommend:

- full financial implementation of Building Aid, District Reorganization Aid, and Special Education programs for the handicapped,
- funding, as legislated, for the Foundation Aid Program,
- state assistance to local school districts in their efforts to raise standards by helping to pay for the costs of these improvements, and by providing increased field services to the local schools through the State Department of Education,
- continuation of the program of state aid to school districts with non-public schools with the condition that:
 - a) such aid not include funds for religious education;
 - b) state standards for all schools be rigidly enforced;
 - c) adequate funding at the state level be provided;
 - d) such aid be within constitutional limits.
- support of the following measures:
 - a) maintenance of a teachers' salary scale commensurate with cost of living, with the state sharing in these costs; this should also include maintenance of salaries of principals and superintendents at competitive levels,
 - b) changes in certification standards as recommended by the Blue Ribbon Certification Committee,
 - c) encouragement of more imaginative uses of the talent and time of trained teachers; team teaching, teacher aides, part-time teachers, specialists, etc.
 - d) utilization of talented people and private agencies in the communities as educational resources.
- State leadership and help, to both local school boards and local teachers' organizations, in establishing mutually acceptable procedures for professional negotiations;
- maximum use of federal aid to education while retaining state and local supervision of the distribution and administration of the funds; urging that the time of federal allocations be made in a manner which will make local school financial planning possible;

- support of the Blue Ribbon Citizen's Committee on teacher certification;
- increased support of Educational Television;
- full financial implementation of New Hampshire's State-wide Library Development Program;
- financial support of our State University system at a level no less than the per student support accorded by states with comparable economic capability;
- encouragement of the University's efforts to institute charges for new out-of-state students that equal the costs of their education, to the end that in-state tuitions may be kept within limits comparable to those of states of comparable size and economic capability;
- support of the following measures to bring vocational, technical, and two and four year college opportunities within the economic and geographic reach of all New Hampshire citizens who wish to take advantage of them:
 - a) more adequate funding of the vocational and technical institutes, and enrichment of their curricula;
 - b) scholarship and other financial aid to enable needy students to obtain training;
 - c) encouragement of private school efforts to provide enriched educational opportunities for all New Hampshire students;
 - d) the creation of comprehensive commuting college opportunities, especially for those who need vocational or technical training;
 - e) expansion of the Merrimack Valley Branch of the University of New Hampshire by the appropriation of funds in the 1971-72 capital budget to construct the first academic building of the New Merrimack Valley Branch Campus;
- continued support of the Dollars-For-Scholars Program, as legislated, and for adequate funding to provide incentive matching money for monies raised locally from private sources;
- support of federal legislation which would enable all capable students to obtain education beyond high school;
- support of vocational rehabilitation programs and adult basic education programs so that all New Hampshire citizens may have the maximum opportunity to lead productive lives;
- encouragement, with state support, of local school efforts in the following areas:

- a) establishment of public kindergartens for all;
 - b) Head Start and Follow-Through programs in the early grades;
 - c) improvement of vocational education courses in high school to enable terminal students to find employment after graduation;
 - d) implementation of innovative programs;
 - e) expansion of counselors' services at the elementary level;
 - f) development and presentation of total hygiene programs at all school levels;
- support of efforts to encourage the upgrading of the teaching profession including incentive increments for special training, and advanced degrees, and the availability of regional course opportunities at low tuition.

Government Organization

In an effort to promote efficient and responsive state government, we recommend:

- support of the Constitutional Amendment to increase the gubernatorial term of office from two to four years;
- establishment of terms of officer of major department heads concurrent to that of the Governor;
- establishment of procedures to improve the fiscal supervision of state agencies;
- support modernization of the State Legislature by:
 - a) supporting the Constitutional Amendment to establish a Blue Ribbon Commission to set adequate compensation for members of the State Legislature;
 - b) supporting the Constitutional Amendment that would establish annual sessions of the State Legislature;
 - c) providing adequate staff and office space for all members of the State Legislature;
 - d) working to reduce the size of the legislature.
- support of local government by:
 - a) establishment of a state program to give a fuller range of technical assistance to towns and cities;
 - b) incentive legislation to encourage municipalities to cooperate in providing services which they would have difficulty providing alone;

- c) support of efforts to require the state to assume the cost of certain services now funded fully or in part by the towns and cities, thus relieving the heavy tax burden on local property owners;
- d) support of efforts to require the state to extend its revaluation service to municipalities.

Health and Welfare

The economic prosperity of our state would be a hollow achievement if fellow citizens are forced to bear the burden of poverty, are crushed by poor health, are trapped by mental illness or retardation.

The Democratic Party has a deep and continuing commitment to provide help to the poor, the ill and the aged. To continue to implement this commitment, we recommend:

- legislation which would give the state responsibility for care of foster children; a more uniform subsidy rate for foster homes; and the further active participation of private agencies in the placement of foster children;
- state financial support of foster children, including funds adequate to assist those in need of special care, to provide necessary school tuition costs, and to reimburse foster parents at a level commensurate with required expenditures;
- abolition of the welfare settlement law and in its place, state reimbursement of towns and cities through direct relief;
- support of legislation establishing a domestic relations court;
- adequate salary standards and a practical work load for state social workers;
- funding of post-graduate programs for the training of social workers at the University of New Hampshire;
- encouragement of education and work experience for welfare recipients to help them avoid the need for welfare;
- strengthening of licensing procedures in New Hampshire nursing homes;
- increased state support for a registered nurse and practical nurse training program;
- clarification of the relationship between county hospitals and nursing homes;

- full utilization of federal matching funds for community health services;
- cooperation with neighboring states in planning regional diagnostic and treatment centers for the control of cancer and other killer diseases;
- increased state and local support for, and expansion of, Community Mental Health Clinics;
- expansion of out-patient facilities and resident care centers for emotionally disturbed children with emergency receiving centers in community hospitals for the acutely mentally disturbed;
- support of plans to more fully implement Medicare and to extend Medicaid;
- support comprehensive health planning and development of comprehensive group health care facilities, using our total health resources in the delivery of health maintenance and health rehabilitation services;
- that the existing abortion laws in New Hampshire be repealed provided that there be controls which provide for: proper medical safeguards and supervision, respect for the dignity of human life and for the right of individuals to follow the dictates of prudence and conscience, and with proper procedures provided to provide assistance to those who otherwise would be financially unable to take advantage of the procedure established;
- support of adequate day care centers, properly licensed;
- establishment of an advisory committee to study and recommend changes in present laws governing the adoption of children in order to insure uniform and reasonable practices;
- support of legislation establishing a comprehensive, coordinated nursing care program that is fair to needy persons in private homes, and that establishes adequate standards of care;
- reimbursement for public health nurses serving towns without a local nursing service agency;
- recodification of laws pertaining to minors (particularly statutes which fail to distinguish between juvenile delinquents and neglected children);
- legislation pertaining to the abuses of parental rights that severely hamper the welfare of the child;

- support of provisions for more group homes for youth who are disturbed in their own homes and need trained foster parents more than institutional care;
- more adequate funding for diagnosis and treatment of social or emotional problems in very early school years to prevent the more difficult treatment of more complicated problems later;
- support for the State Council on the Aging:
 - a) formation of local councils on aging,
 - b) appropriation of state funds for non-federal shares, not contributed by cities and towns, to provide adequate services for the elderly,
 - c) expansion of opportunity for the elderly to render service,
 - d) increased attention to the housing needs of the elderly.
- support of programs designed to train paraprofessional workers in the area of social and health services, to ease the acute shortage of such workers;
- support of treatment for alcoholics and drug abusers:
 - a) recuperation facilities with provisions for after-sickness facilities,
 - b) neighboring alcoholic and drug abuse rehabilitation programs with trained workers.
 - c) strict punitive measures for professional drug pushers and syndicated operators,
 - d) legislation permitting minors to seek help for drug and other problems without parental notification.
- support of the recommendations of the Vocational Rehabilitation Planning Commission, including:
 - a) a Department of Special Education at Keene State College; vocational rehabilitation internship and in-service training programs in the University system;
 - b) creation of a council on Human Resources to coordinate and to do joint planning for those state agencies working with people and to provide a comprehensive referral system to insure that all New Hampshire citizens needing help have access to it;
 - c) creation of regional Child Development centers;
 - d) creation of a diagnostic center for the Department of Correction, for adults, to be located in the Concord area;
 - e) development of a northern New England facility for the criminally insane;

- f) incentive grants to non-profit corporations for development of half-way houses and sheltered workshops;
- g) extend vocational rehabilitation service to county Houses of Correction.

—we deplore the lack of Presidential concern for meeting the increasing pressing financial needs of health, education and welfare. The President's refutation of programs designed to aid individuals and families in terms of aid to those who lead a marginal existence, personifies a lack of commitment to these same people and their needs. Therefore, we strongly protest the President's veto of the Health, Education and Welfare bill passed by the 1970 Congress.

Human Rights and Justice

In a time of violence in our cities, unrest on our campuses, and uneasiness in our homes, we reaffirm our commitment to the goals of justice and equal opportunity. It is also essential to remember that freedom from want is integral to social justice. We encourage respect for laws, and support public officials who exercise reasonably their duly constituted authority. At the same time, we urge reaffirmation of the concepts that all citizens are entitled to exercise their constitutional rights, that each is entitled to equal protection of the laws, and that law enforcement agents are themselves subject to the laws. To achieve these objectives, we recommend:

- adequate funding, and salaried staff for the New Hampshire Human Rights Commission to make it a more effective instrument against discrimination in the state;
- opposition to all who would seek to undermine the foundations of American constitutional democracy, including all those who would suppress or abuse free speech and academic freedom.
- continued support of measures such as: ABC, A Better Chance; a cooperative town-college-high school program for disadvantaged youth; summer camp programs for disadvantaged youngsters; the use of elementary school textbooks which mirror the reality of different races, income levels and more; the provision of health care, particularly preventative medicine to the economically disadvantaged, so as to assure fair participation of the poor, regardless of color, in the benefits of an affluent society;

- amendment of the landlord and tenant law of New Hampshire to protect the rights of tenants from arbitrary action on the part of the landlords, while at the same time giving due consideration to the protection of the economic interests of the landlords;
- continued support of the movement to lower the voting age to eighteen (18) years.
- amendment of the New Hampshire Law against discrimination (RSA 354-a) to cover discrimination in employment because of sex and age.
- provision of many more units of new or rehabilitated housing units for low income families.

Labor

In keeping with the long commitment of the Democratic Party to improving the working conditions and security of labor, we recommend:

- legislation establishing a minimum wage comparable to the federal minimum wage and providing full coverage for all workers;
- opposition to any so-called “Right to work” laws;
- legislation to protect the rights of all workers, and to include the passage of a balanced negotiations law which will act in the best interests of both public employees and their citizen employees;
- support of efforts to retrain workers whose skills have become obsolete through technological innovation;
- reorganization and strengthening of the Labor Department to:
 - a) more adequately protect the safety of the worker;
 - b) allow for more participation by workers in developing safety programs;
 - c) develop more effective measures to prevent workers from being compelled to work overtime against their wishes and self-interest;
- a careful review of unemployment and workmen’s compensation legislation to:
 - a) insure that all qualified claimants are aware of and receive benefits due them;
 - b) include greater benefits for those who are unemployed and have dependent children;

- c) expand workmen's compensation benefits to include greater assistance to those rendered disabled, through their employment, who have dependent children;
- support of measures to insure fair treatment for all state employees, i.e.:
 - a) salaries and fringe benefits for classified state employees comparable to the average for similar positions in the other five New England states — equal pay for equal work;
 - b) reforms in the evaluation procedures for classified positions as implemented by the State Personnel Department;
 - c) reforms of the appeal procedure required by the Personnel Commission;
 - d) the introduction of in-service training programs to enable state employees to improve performance, and incentives for successful completion of such programs;
 - e) review of existing statutes prohibiting a classified state employee from making contributions to the political party of his choice and/or publicly support candidates of his choice;
 - f) support the supplementing of Workmen's Compensation by the use of leave up to full pay;
 - g) support the provision of time and one-half pay after eight (8) hours in a day and forty (40) hours in a week, and for work on legal holidays;
 - h) support the proposal of state contributions to hospitalization insurance.
- support the requirement that state institutions purchase New Hampshire products wherever possible within the limits of competitive price and quality;
- support, on the state level, the national platform's demand for adequate protection of wage earners from unfair foreign imports;
- support programs to reverse the pattern of underemployment in the northern sections of the state, and low wages employment throughout the entire state;

Natural Resources

Second to its people, New Hampshire's most precious resource is Nature. Natural and scenic resources are a critically important element in the scheme of New Hampshire's future economy. These resources

are of prime importance today and shall provide our most vital legacy to future generations.

Unique natural areas must be protected, acquired, or reserved immediately, while land is still available. To this end, we recommend:

- continuous planning at all levels of government to evaluate our natural resources and to devise and institute the best methods of utilizing and protecting them;
- protection of our great scenic and recreation resources, including our parks, Mount Washington and Franconia Notch, our seashores, our mountains, the Great Bay, and primitive areas such as the Connecticut Lakes;
- further implementation of the recommendations of the State Planning Projects, the Governor's committees on Natural Beauty and Forest Policies;
- prevention of the life blood of our towns and cities by a continuing struggle against the blight of water, noise, and air pollution through all available means, particularly by providing the necessary technical staff, financial assistance and legislation to combat them;
- enforcement of the existing laws pertaining to water and air pollution by the Attorney General's office, per direction of the Governor's office;
- legislation and financial incentives to protect salt and fresh water marshes, banks, flood plains and restore barrow pits;
- support of town conservation commissions with technological assistance;
- legislation to protect land from rural blight and insure lasting and proper development; continued support of the severance tax on timber as a measure to that end;
- flexible powers for wild life management to the Director of the Fish and Game Department;
- provision of more adequate funding for the stocking of game birds and animals;
- establishment of a five-year moratorium on the construction of all nuclear power plants in New England until the environmental dangers have been fully explored;
- development of a program for placing utility lines underground in all new building areas and for conversions in established zones;

- development of an improved program of public access to lakes, ponds, without diminishing the qualities of these recreational resources;
- improvement in the efficiency and coordination of state programs in Natural Resources in the following ways:
 - a) reorganization of state resources agencies into a Department of Natural Resources which would include such agencies as the Division of Parks, Division of Resource Development (forestry), Fish and Game Department, Water Resources Board and Water and Air Pollution Agencies;
 - b) promotion and expansion of the office for the receiving of complaints on pollution;
 - c) by further strengthening and supporting the Council of Resources and Development;
- establishment of rigid water pollution controls and regulations to insure “Clean Water” throughout the State of New Hampshire and recognition of the State’s obligation to assist cities, towns and private enterprise to accomplish this end by providing technical and financial assistance;
- support of public and private planning and development programs with particular emphasis on encouraging orderly planned development of our natural resources while retaining New Hampshire’s scenic beauty;
- support of action to enforce the federal studies of New Hampshire’s waterways to preserve their unspoiled and primitive beauty from unrestrained development, and to achieve the full economic potential of these waterways;
- passage of the necessary legislation to supplement a strong state oceanographic program with emphasis on regional cooperation to protect our valuable estuaries and to achieve the full benefits from our marine resources;
- support legislation towards the banning of all No-Deposit — No Return bottles and aluminum cans within a two-year period;
- establishment of programs for town and cities to assist them in the establishment of waste disposal systems;
- strive in every possible way to secure absolute protection of the integrity of the White Mt. National Forest as a great multiple-use national asset of the people of our state, region and nation, and further, that the recent report of the Public Land Law Review Com-

mission be given the most thorough coordinated study by the State Council of Resources and Development and interested private organizations insofar as it affects the best interests of New Hampshire.

Planning for Growth

Planning is a dynamic process by which people and communities evaluate their needs and the problems and establish goals and objectives for their future action. To this end, we recommend:

- financial incentives for regional planning;
- maximum use of federal aid, such as Urban Planning Assistance Grants, and other programs related to transportation, open space, water and community facilities;
- close collaboration with regional development and promotional efforts, particularly the New England Regional Commission, the New Hampshire-Vermont Development Council, the Tri-County Resource, Conservation and Development District, the Industrial Councils, the Technical Assistance Panels, the Rural Areas Development Committees, and the Regional Associations;
- legislation allowing cities and towns to create cooperative tax districts for special services.

Public Safety

The increase in highway accidents and the resulting tragic consequences to New Hampshire families, as well as the multiplication of other public safety problems in recent years, impels us to recommend:

- periodic re-examination of all drivers to determine the state of their health and physical condition;
 - support of a state program to implement the Highway Safety Act;
- establishment of a broad program of traffic studies to aid local communities in their traffic control and road planning efforts;
- mandatory, periodic re-examination of accident repeaters;
- continued strengthening of stand-by emergency plans to cope with riots and continuing studies of their origins and causes;
- support of New Hampshire Law Enforcement Plan, 1970-74, as it applies to Public Safety;

- implementation of plans to provide adequate instrument landing systems, FAA towers and improved weather reporting facilities at municipal airports throughout the state to efficiently handle the increased air traffic;
- provision of additional funds for runway resealing and other preventative maintenance items, clearing of approach slopes, and relocation of the runway at Lincoln. (Lincoln Airport is vital to the safety of air travel by small planes in that it is the last runway before the Franconia Mountain Range going in a northerly direction and the first when trouble is encountered over the Range in a southerly direction);
- mandatory fire escapes for all commercial or public buildings of two stories or more (the requirement now applies only to three-story buildings), and adequate exits in all apartment buildings;
- establishment of a state program for fire prevention training, using existing facilities, of sufficient scope to enable every community in the state to take advantage of modern-day, constantly advancing training concepts;
- establishment of minimum standards for equipment and personnel operating ambulances in the state;
- establishment of regulations governing the limits of boat speeds, horsepower of boats, hours of operation, age of operators and water-skiing, after a thorough study of the capacity of our lakes to determine such limits;
- support of legislation to establish a State Minimum Standard Building Code.

Transportation

We believe that sound transportation planning is crucial for attracting industry, for promoting tourism, and for providing convenient and safe motoring. We continue to support a well-administered and integrated transportation system subject to reasonable regulation. Accordingly, we recommend:

- completion of the Interstate Highway System in New Hampshire;
- passage of enabling legislation to permit the state to appropriate funds far enough in advance to take immediate advantage of federal highway funds;

- legislative appropriation of necessary matching funds under the Federal Aid Airport program to establish at least one major jet airport;
- improvement of highway links to the New York-Washington corridor, to Canadian metropolitan centers, and to join with neighboring states in an East-West Highway System;
- accelerated construction and improvement of our highway system in the North Country, including extension of the Spaulding Turnpike and an East-West artery;
- utilization of federal and state funds for a first-rate network of airports and for improvement of navigational aids and flight services;
- improved public transportation and cooperation in regional mass transportation planning; including planning for the restoration of passenger railway service to and in New Hampshire through Federal government action;
- full utilization of scenic easement funds and legislation to preserve the beauty of our highways;
- establishment of a highway route locations review board;
- improvement of town roads by means of:
 - a) allocation of 15% of state gas tax revenues, rather than a fixed figure, to the maintenance of local roads;
 - b) state responsibility for bridges on state highways;
 - c) increased state aid (TRA funds) for town bridges;
 - d) insistence that state roads and bridges be returned to towns and cities in good condition.

Revenue to Support the Preceding Proposals

The State of New Hampshire has not escaped the economic havoc sweeping the entire nation. The fiscal pressures being exerted by the Federal Government are currently causing a decreasing demand for labor, and an ever-increasing rise in prices. Today, unemployment in New Hampshire is double what it was one year ago, yet prices continue to spiral upward over 6% per year. And this, at a time when local governments are making ever-greater demands for taxes from their citizens.

Prudence, then, would dictate that the Democratic Party, in keeping with its long-standing policy of seeking to protect the working

man and the family of low income, make no further demands upon our citizenry for any form of regressive taxation at this time.

Rather, every effort should be made to increase our state and local tax revenues within the framework of our existing tax structure. Strong executive leadership and aggressive promotion of our great natural assets, coupled with responsible planning and control to safeguard them, can substantially broaden New Hampshire's present revenue base through the increases in industrial and recreational development that will follow.

Therefore, we must first: work to effect economics and efficiencies in state and local government wherever possible, to assure a uniform method of evaluating local property and to extend the revaluation service of the State Tax Commission to all cities and towns, to support early legislative enactment of a "tax recapture" plan under the provisions of the "open spaces amendment," to support the enactment of legislation establishing dog racing in New Hampshire, to support the enactment at the state level of general and more equitable taxes for the purpose of providing tax relief to individual local property taxpayers.

Secondly, recognizing that the state can and should reduce the degree of dependence on local property taxes, we must work to accomplish property tax revision in New Hampshire, seriously considering the concept of a "Homestead Exemption," i.e., direct relief to the property taxpayer, funded by the state.

We must seek full utilization of federal matching funds in whatever field they may contribute to the initiation, extension, or improvement of facilities designed to enhance the quality of life in New Hampshire.

We support the Federal Tax Sharing Plan now before the U. S. Congress in order to return to New Hampshire a portion of the Federal tax monies raised from New Hampshire citizens to be spent in New Hampshire to improve the quality of life for New Hampshire citizens.

QUESTION NO. 1

Are you in favor of amending the constitution by abolishing the current provisions for paying legislators two hundred dollars for a two-year term plus mileage and by establishing, instead, a legislative compensation commission, appointed by the governor and council and the supreme court, to biennially set the compensation and amounts of expense allowances for members of the general court; provided that the current ninety-day limit of days for which mileage may be paid shall be retained as a limit on payments of compensation and expense allowances for legislative days (the limitation of July first for stopping of mileage payments being eliminated) and that additional expense allowances may be paid for fifteen legislative days of a special session and may be paid on nonlegislative days spent on legislative business as provided by the general court?

Yes 93,463

No 91,190

QUESTION NO. 2

Are you in favor of amending the constitution by requiring civil officers now named in the constitution to swear or affirm to bear faith and true allegiance to the United States of America as well as to the state of New Hampshire and to support the constitutions thereof?

Yes 162,334

No 28,464

QUESTION NO. 3

Yes 122,768

No 61,221

QUESTION NO. 4

Are you in favor of amending the constitution to provide for a four-year term for governor, the first of which terms shall commence in 1975, and provided that the governor shall be elected in November of the non-presidential election years, starting with the election in 1974. Further, provided that no person may serve consecutively as governor for more than two terms?

RECOUNTS AFTER THE GENERAL ELECTION

In this chapter may be found a brief description of the recounts of ballots held by the Secretary of State after the general election of November 3, 1970.

On November 13, 1970, the Governor and Council voted to accept a petition to recount the ballots cast on Question No. 3, the proposed amendment relative to annual sessions as proposed to the voters of New Hampshire at the November 3, 1970 election, as submitted by Representative John M. Bednar of Hudson, et al., and ordered the Secretary of State to recount said ballots.

The recount was held November 23 and 24, 1970, and Question No. 3 did not receive the required two-thirds votes of the qualified voters present and voting upon the said question.

The following figures are the result of the recount on Question No. 3:

Yes 124,078 No 62,812

Below, in the first column are the figures as officially returned to the Secretary of State following the election. The second column contains the recount figures.

In all, fourteen recounts were conducted: State Senator, District No. 8; ten for Representatives, two for Supervisors, and one for Moderator.

As a result of the recount, there were no changes of candidates.
