State v. Logan Clegg

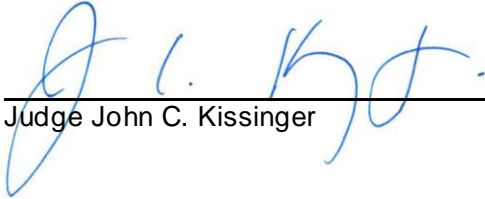

217-2022-CR-01226

ORDER ON MOTION TO RECONSIDER

The defendant has filed a motion to reconsider the Court's order on public inspection of trial exhibits. The Court has set out a procedure to safeguard the integrity and organization of the exhibits, as well as to provide access, as required by court rules. See Rule of Criminal Procedure 46 (i). Many of the physical exhibits admitted were handled during trial by counsel for the State and defense, as well as court personnel. Further, the trial exhibits were available for the jury to access during deliberations, without objection from either party. The Court will continue to take great care to protect the integrity and organization of the exhibits. At the same time, the Court finds there is no basis to impose further restrictions based upon a totally unrelated case. The motion to reconsider is denied. So ordered.
