

THE STATE OF NEW HAMPSHIRE

GRAFTON, SS

SUPERIOR COURT

No. 215-2022-CV-00167

Steven Rand, et al.

v.

The State of New Hampshire

AFFIDAVIT OF BRUCE K. KNEUER

I, Bruce K. Kneuer, being duly sworn, do hereby attest to the following statements of fact of which I have personal knowledge:

1. My name is Bruce K. Kneuer, I am above the age of 18 years of age, I am an employee of the State of New Hampshire Department of Revenue Administration (“DRA”), and my business address is 109 Pleasant Street, Concord, New Hampshire.
2. I presently serve as a Supervisor in the Municipal and Property Division of the DRA (“Division”).
3. I have been employed by DRA for six years and have held my current position since May 2016.
4. Among my duties is to supervise and oversee the setting of municipal tax rates by the DRA under authority delegated by the Commissioner to the Division.
5. I supervise three Division employees who review the reports submitted by each municipal entity and develop tax rates using the criteria set forth in RSA 21-J:35 and RSA 76:8. I advise the Division Director and the Commissioner regarding the setting of tax rates.
6. Among the tax rates set for each municipal entity are the Statewide Education Property Tax Rate (“SWEPT Rate”), and the local education property tax rate (“Local Education Rate”).
7. The Division sets a variety of tax rates for 259 cities, towns, and unincorporated towns.

8. The process begins in October when the municipal entities complete the submittal of various forms and reports to the Division pursuant to RSA 21-J:34, and the Division receives certain reports from the Department of Education, the State Treasury, the New Hampshire Department of Transportation, and the New Hampshire Department of Environmental Services concerning various sources of revenue, including the Education Grant Amounts, that will be provided to the municipalities. The Division generally sets all rates promptly after October 1 so that municipal entities can start the billing and collection process before the end of the calendar year.
9. In the past five years the Division set final rates for between 51 and 136 municipal entities in October, final rates for between 86 and 167 municipal entities in November, and final rates for between 5 and 39 municipal entities in December. On two occasions in the past five years the Division set rates for 1 municipal entity after December.
10. As of October 28, 2022, the Division has set final rates for 23 municipal entities, and preliminary rates for 33 municipal entities.
11. After a rate is set, notification thereof is provided to the municipality via a web portal following which the municipality has ten (10) days to request an oral hearing before the Commissioner to contest the rate.
12. Each municipal entity gets its own SWEPT Rate and its own Local Education Rate. For the sake of clarity we will consider the municipality-specific SWEPT Rates being calculated starting in October of 2022.
13. On November 3, 2021, in accordance with RSA 76:8 the Division issued a 2022 Commissioner's Warrant to each municipal entity (each a "2022 Commissioner's Warrant"). Each Commissioner's Warrant includes a specific apportionment of SWEPT which local officials must assess (the "SWEPT Amount") and a Uniform SWEPT Rate. True copies of the 2022 Commissioner's Warrants are attached hereto as Exhibit A.
14. The Division is currently in the process of setting municipality-specific SWEPT Rates. These rates are calculated by taking a municipality's SWEPT Amount (i.e., its share of the total amount of SWEPT that must be generated in a specific year) and dividing it by that municipality's "Net Valuation without Utilities," which the municipality reports to the Division under RSA 21-J:34.

15. The 2023 Commissioner's Warrants were issued on September 30, 2022. A true copy of the 2023 Commissioners Warrants are attached hereto as Exhibit B.
16. To calculate a Local Education Rate, the Division reviews the reports filed by the municipalities and school districts under RSA 21-J:34, including voter approved appropriations and anticipated sources of revenue. In accordance with RSA 21-J:35, the Division may delete unlawful appropriations and adjust revenues that are inaccurate or inappropriate. The Division then determines a "Net Assessment" by subtracting the approved total of revenues and credits from the approved total of voted appropriations. The Division then subtracts the Education Grant Amount that will be provided to each school district pursuant to RSA 198:41, as calculated by the Department of Education, and the SWEPT Amount. This final sum, the "Net Required Local Education Tax Effort" is DIVIDED by the "Net Valuation Adjusted to Remove TIF Retained Value and Commercial/Industrial Construction Exemption" as found on the MS-1 "Summary Inventory of Valuation" Report to yield the Local Education Rate.
17. I am aware of a request by the plaintiffs in this case for the court to enjoin the DRA from issuing the Commissioner's Warrant pursuant to RSA 76:8, II which they appear to believe directs the "selectmen or assessors of each municipality ... to assess and pay to the municipality" any SWEPT assessments, and, from setting any negative Local Education Rates (the "SWEPT Injunction" and the "Local Education Rate Injunction" respectively).
18. A negative Local Education Rate may occur in a very limited set of circumstances when a municipal entity, generally an unincorporated place, has minimal or no public education responsibilities within its boundaries, i.e. no, or very small school budget. In such a situation there are few or no students to educate and this then requires the school district to seek a minimal dollar amount of appropriations. As noted above, the calculation of the Local Education Rate includes the subtraction of the SWEPT Amount from the Commissioner's Warrant. When the SWEPT Amount is greater than the "Net Assessment" of the school district, the result is a negative value (for calculation purposes) of the "Net Required Local Education Tax Effort". This negative result when divided by the "Net Valuation Adjusted to Remove TIF Retained Value and Commercial/Industrial Construction Exemption" results in a negative value for the Local Education Rate.
19. If the SWEPT Injunction is entered by the court it is likely that DRA will set Local Education Rates to cover all of the amounts budgeted by the various school districts for public education, including the portion that would have been covered by the taxes

assessed using the SWEPT Rate. However, this effort will be complicated by the interplay between the \$0 SWEPT and the Education Grant Amount which could delay the setting of rates which are necessary for municipal entities to issue tax bills and collect needed revenue for local purposes including education as well as public health and safety because the Department of Education will need to re-calculate Education Grant Amounts.

20. The SWEPT Injunction will also result in nonuniform taxation among municipal entities as between those municipalities for which rates were set before the SWEPT Injunction and those for which SWEPT was enjoined by the court. Two hypothetical towns with the same tax base and the same "Net Assessment" will see different Local Education Rates and different Education Grant amounts depending on whether or not the DRA set their respective rates before the injunction.
21. If SWEPT is enjoined, then most previously calculated negative local rates would result in a \$0.00 Local Education Rate and no education tax dollars would be raised for that district. However, in certain cases the absence of the SWEPT Amount could result in a positive Local Education Rate.
22. If the SWEPT rate is *not* enjoined, but negative Local Education Rates are enjoined, then those districts that would have had a calculated negative rate but for the injunction, would need to be given a \$0.00 rate. While this could result in zero tax dollars being raised for the school district, it would not address the raising of SWEPT and the requirement that the collecting municipality forward SWEPT to the school district.
23. If both the SWEPT Rate and the negative Local Education Rate are enjoined there are two likely outcomes. First, the Local Education Rate calculation will not subtract any SWEPT Amount in deriving the total dollars to be assessed via the Local Education Rate. In addition, the Local Education Rate would increase in order to bear the additional Net Required Local Education Tax Effort that without the injunction would have been covered by SWEPT. Second, the Local Education Rate calculation would need to receive any changes in the amount of Education Grant funding directed to a school district, caused by the cessation of SWEPT. These changes would need to be determined by the Department of Education and communicated to DRA.

Further the affiant sayeth not.

SIGNED AND SWORN TO UNDER THE PAINS AND PENALTIES OF PERJURY THIS
28TH DAY OF OCTOBER, 2022.

Bruce K. Kneuer
Bruce K. Kneuer

MERRIMACK, ss.

Subscribed and sworn to before me, in my presence, this 28th day of October, 2022.
